

**DCG ROOFING  
SOLUTIONS**

# EXTEND THE LIFE EXPECTANCY OF YOUR ROOF

## DCG ROOFING CONSULTATIONS COVER EVERY DETAIL

Infrared Moisture Analysis | Asbestos Testing | Emergency Leak Repairs  
Low-Term Maintenance Recommendations

## ASSESSMENTS AND PROACTIVE MAINTENANCE WITH DCG ROOFING

Whether you need a new build, renovation, replacement, or repairs, every DCG Roofing project gets a custom consultation, full assessment, and comprehensive safety plan. One of our technicians will review your roof from membrane surfacing to edge detail, checking for any abnormalities and damage, and evaluating your gutters and drains.

## BOLSTER YOUR ROOF: THE DCG GOLD BULWARK PROGRAM

Preventative maintenance can extend the service life of a roof from 30% to 100%.<sup>1</sup> Furthermore, the manufacturers of most roofing systems require regular maintenance to preserve their warranty.

**The DCG Gold Bulwark Program** makes it simple and cost-effective to invest in your roof. It's a fixed-cost monthly maintenance program that addresses minor problems before they become major ones. Extend the life expectancy of your roof beyond the manufacturer's warranty period with proactive **roof repairs, puncture support**, and an **annual non-invasive assessment** of your roof.

<sup>1</sup>National Roofing Contractors Association (NRCA) and American Institute of Plant Engineers (AIPE)
